Shore

7.

25X1

- a. [redacted] the only wharf was apparently concrete, 40 to 50 meters long, five to six meters wide, and perpendicular to the shore. [redacted] no warehouses or mechanical handling facilities on the wharf

25X1

- b. A coal dump was [redacted] a mountain of coal about 100 meters by 300 meters. Between the wharf and the coal dump was a narrow gauge railway and at the dump was a railway platform about 15 meters high (apparently wooden). [redacted] the flat cars and locomotives were similar to the prewar Mitsubishi equipment.

25X1

25X1

- c. A sand and rock breakwater about 100 meters long was observed just south of the wharf.

25X1

- d. [redacted] about five single-engine (propeller) grey reconnaissance planes on the Moitane Airfield and [redacted] one or two planes per day were launched, parallel to the shore. [redacted] a searchlight at the airfield.

25X1

- e. There were about 20 offices and homes between the airfield and the wharf.

Other vessels in port

8. There was one 500-ton Soviet vessel anchored near [redacted] discharging cargo. There was also a vessel of about three thousand tons aground on shore. This vessel had also been observed [redacted]
